2 weekends of action-packed *FIRST* Robotics Competition!

More than 100 teams from the Kansas City region and beyond will meet during two back-to-back weekends of *FIRST*® Robotics Competition regional championship action in March 2018.

FRC teams compete with 120-pound robots of their own design, combining the excitement of sport with the rigors of science and technology. *FIRST*® POWER UP, the 2018 game, finds our teams trapped in an 8bit video game in which they must use power cubes to defeat the boss. Come join the fun!
