

# **FIRST Robotics Talent Audition Call**

## **FIRST Robotics team members have talent and we are looking for YOU!**

Last year on Friday and Saturday during the Kansas City regional opening ceremonies the National Anthem was performed by a student playing their musical instrument on Friday and the first Robotics Choir singing on Saturday. Both were fabulous and showcased the talent of our team members.

If you are a *FIRST* team member and would like to participate / audition please sign up at the Spare Parts Table next to Pit Admin on Thursday during the KC Regional from 8:30-11:00 AM.

Friday talent involves an audition on Thursday morning. Auditions that morning will commence at 11:00 AM. Meet at the top of the staircase located in the front lobby area. We are looking for one individual or a small group of team members to perform the anthem.

Saturday's National Anthem will be sung by the Robotics Choir. This rehearsal will be Friday at 4:00 PM. Meet at the top of the staircase located in the front lobby area. Your involvement does not involve auditions, just the rehearsal. We will assume you can sing and know the words if you sign up to be in the choir! A sound check will be held during the pancake breakfast which is just prior to the opening ceremonies on Saturday. This will give you one more opportunity to become awesome.

The Robotics Choir Director is Bruce Dickerson from the Barstow School.

Requirements:        Be on a *FIRST* robotics team  
                              Be at the Kansas City Regional volunteering or participating  
                              Have some talent
