CORE VALUES

Let's start with the Winners of our Core Values Awards, which are Inspiration, Teamwork and Gracious Professionalism.

Inspiration

Our first award for the day is the Inspiration Award. This award celebrates a team that is empowered by their FLL experience and displays extraordinary enthusiasm and spirit.

Judges Script:

This high energy team brought fun and inspiration to all aspects of FLL. Their imagery and shirts draw the whole team together. Finding ways to make playgrounds more "bearable" should give them much to be "proud" of.

The winner of the Inspiration Award is:

Team #:	32823
Team Name:	Proud Pandas
Location:	
Advancement:	**NO**

Teamwork

Our next award is the Teamwork Award. Teamwork is critical to succeed in FIRST LEGO League and is the key ingredient in any team's success. This award recognizes a team that is able to accomplish more together than they could as individuals through shared goals, strong communication, effective problem solving and excellent time management.

Judges Script:

Members may live far away from each other, but this team still managed to reach their goals. If we have one note for them, it's keep up the good work. We can't wait to see this team use efficiency and to reach new heights!

The winner of the Teamwork Award is:

Team #:	45715
Team Name:	NIC Team 3
Location:	
Advancement:	**NO**

Gracious Professionalism	
Our third award is the Gracious Professionalism Award. This award recognizes a team whose members show each other and other teams respect at all times. They recognize that both friendly competition and mutual gain are possible on and off the playing field.	
Judges Script:	
Whether young or old, this team made sure all members were encouraged and involved. Popcorn and horse back rides moved them forward. This team of STALLIONS is truly hitting their stride.	
The winner of the Gracious Professionalism Award is:	
Team #:	15919
Team Name:	STEM Stallions
Location:	
Advancement:	**NO**

PROJECT

Our next group of Core awards is for the Project:
The purpose of the FLL project presentation is to show that individuals can make a difference by researching a problem, then contributing ideas and solutions to real-world issues.

Research

Our first project award is for Research. This award recognizes a team that utilizes diverse resources to formulate an in-depth and comprehensive understanding of the problem they have identified.

Judges Script:

This research was draining. The judges were on the fence, but with the help of Rosie she helped the girl scouts split the fence for the HOA.

The winner of the Research Award is:

Team #:	46710
Team Name:	Troop 744
Location:	
Advancement:	**NO**

Innovative Solution

Our next project award is for Innovative Solution. Solutions to problems come in many different forms, limited only by the team's imagination. This award recognizes a team's solution that is exceptionally well-considered and creative, with good potential to solve the problem researched.

Judges Script:

Water, water, come my way. Make my bills go away. These jungle cats know how to sway. So here's an award going their way.

The winner of the Innovative Solution Award is:

Team #:	38829
Team Name:	League of Robotic Panthers A
Location:	
Advancement:	**NO**

Presentation	
Our third project award is for the Presentation. This award recognizes a team that effectively communicates the problem they have identified and their proposed solution to both the judges and other potential supporters.	
Judges Script:	
This team started their project a long long time ago in a galaxy far far away. Ruby, I'll take $200 the Wookie Cookies!	
The winner of the Presentation Award is:	
Team #:	45961
Team Name:	Wookie Cookies
Location:	
Advancement:	**NO**

ROBOT DESIGN

Our next group of awards is for Robot Design, recognizing the construction, programming, and the innovation of the robot.

Mechanical Design

Our first award in this category is for Mechanical Design. This award recognizes a team that designs and develops a mechanically sound robot that is durable, efficient and highly capable of performing the challenge missions.

Judges Script:

Using clever mechanical wisdom they created a solid axis of machine. Some people may call them maniacs. But we dont want to label them so we call them Meadowmere Mechanical Maniacs.

The winner of the Mechanical Design Award is:

Team #:	5457
Team Name:	Meadowmere Mechanical Maniacs
Location:	
Advancement:	**NO**

Programming

Our next award is for Programming. This award recognizes a team that utilizes outstanding programming principles, including clear, concise and reusable code that allows their robot to perform challenge missions autonomously and consistently.

Judges Script:

This Independence team presented a program that made it easy to move between missions. In addition to writing a program to execute robot missions, they don't DUCK their responsibility to train younger members for future success. And this team is such a mult-family affair that little sister stores the LEGO table in her bedroom. (No work after bedtime)

The winner of the Programming Award is:

Team #:	33376
Team Name:	Trailbots
Location:	
Advancement:	**NO**

Strategy & Innovation	
Our third Design Award is Strategy & Innovation. This award recognizes a team that uses solid engineering practices and a well-developed strategy to design and build an innovative, high performing robot.	
Judges Script:	
This team decided that simple is sometimes the best. Although the mission may have seemed InPOLLENable at times, green means go and on this day they're a go for this award.	
The winner of the Strategy & Innovation Award is:	
Team #:	583
Team Name:	Falconbots Green
Location:	
Advancement:	**NO**

OTHER AWARDS

Robot Performance

Let's move on to the Robot Performance Award
This award goes to the team whose overall package of robot design, programming, strategy, and teamwork helped it to achieve the competition goal of acquiring more points than any other team.

Judges Script:

This team decided not to mess with a good thing. At their qualifier they were the first team in the region to score over 400 points. They didn't change their robot, but they practiced, and it shows -- they scored over 400 in all 3 of their matches today. With only a 35 point difference between their lowest & highest score, their bot Jerry really showed what he can do.

The winner of the Robot Performance Award is:

Team #:	5457
Team Name:	Meadowmere Mechanical Maniacs
Location:	
Advancement:	**NO**

Judges Award

Many high quality teams do not fit the mold for an existing award, but nonetheless deserve one. Some teams have a story that profoundly sets them apart in a unique way. Sometimes a given award is so close that the judges want to recognize a team's achievement. This award gives the judges the freedom to recognize the most remarkable team for which a standard award does not exist.

Judges Script:

This team is being recognized for wisdom and poise beyond their years. They are enthusiastic about helping their community, and we can't wait for them to fly in next year...

They came in with a sing song skit in skirts,
As rare as a rainbow, this team stood out with colorful personalities,
And they prove that team work does make the dream work!

46586
The community crusaders!

The winner of the Judges Award Award is:

Team #:	46586
Team Name:	Community Crusaders
Location:	
Advancement:	**NO**

CHAMPIONS

This most prestigious award goes to the team who, in the big picture, is the strongest in all of the categories combined. The Champion's Award winner is the total package – the embodiment of the FIRST LEGO League vision. The Champion's Award encompasses the 9 components of our 3 Core Awards of Robot Design, Project and Core Values plus Robot Performance. This team exemplifies the FLL Values and understands the true meaning of FIRST LEGO League.

The FLL experience is more than building robots or attending competitions. It begins with the robot, but most importantly, it is defined by how our future engineers and scientists form a team to accomplish a difficult goal. The program impacts each of them as individuals and as team members.

This award celebrates the ultimate success of the FIRST mission and FLL Values. It measures how these young people inspire others about the accessibility and excitement of science, technology, and engineering while demonstrating respect, encouragement, and continued gracious professionalism.

2nd Place Champions

Judges Script:

The mechanical design of this team's bot thoroughly impressed the judges and their thoughtfulness and drive to implement their project was inspiring. Finding ways to make their community more inclusive both inside and outside of FIRST Lego League is such a great PLAN that should not be put in PARK.

The 2nd Place winner of the CHAMPIONS Award is:

Team #:	6476
Team Name:	Park Planners
Location:	

Judges Script:

This team warmed our hearts with the community cleanup in the park. These reptiles love it hot, that's why their at the top.

The winner of the CHAMPIONS Award is:

Team #:	45175
Team Name:	Flaming LEGO Lizards
Location:
